Sir,

2 Adverting to Government Order No. I.C.6806-7/Geol.74-23-2 dated 1st May 1924 sanctioning the continuance of the temporary establishment of two gardeners for a further period of 3 years from 1-9-1924, I have the honour to inform you that the period of sanction expires on the 31st August 1927 and to request you to kindly obtain the sanction of Government for the continuance of the above establishment - one Head Gardener on Rs.13/- and one Assistant Gardener on Rs.10/- - for a further period of five years. The continuance of this establishment is both necessary and desirable in order to maintain the garden and compound - alongside one of the principal roads on the Field - in a manner befitting a Government establishment.

Early orders are solicited in the matter so that provision may be made in the forthcoming budget for this item.

I have the honour to be,

Sir,

Your most obedient servant,

R. Bocquet.

To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Departments,
B A N G A L O R E.

Sir,

Adverting to your letter No.D.6837/Geol. 98-26-3 dated 18th February 1927 enquiring whether the Menial Staff of this Department is not capable of some reduction in view of the recent changes and of the reduction in the strength of the Gazetted Staff, I have the honour to state that there has not been any change recently in the Department nor any reduction in the strength of the Gazetted Staff. On the other hand, the work of the Department has been considerably augmented in recent years (commencing 1919) when by G.O.No.G.7041-7100/Geol. 69-18-11 dated 18-9-1919 the Department of Mines and Geology was divided into two separate Departments and again in 1922 by the abolition of the separate Explosives Branch and transfer of its work to the Chief Inspector of Mines in Mysore - vide G.O.No.I.C. 6306-66/Geol. 88-21-1 dated 27-6-1922 - the number of Gazetted Officers (Inspectors of Mines) having increased by one, viz: the Junior Inspector of Mines sanctioned in the Government Order of the 18th September 1919 already referred to, whereas the number of menials has remained the same as before. Government are perhaps referring in their letter now under reply to the Geological Department, Bangalore, where there have been some changes recently - vide G.O. No.2217-67/C.B. 152-26-6 dated 5-2-1927.

Eight peons were sanctioned to this office vide G.O.No.12888-89/Geo

6

6-15-8 dated 15-1-1916 and they were then allocated as follows:-

Chief Inspector of Mines ..	3
Inspector of Mines	2
Sub Inspector of Mines ..	1
Office	2
Total ..	8

But since the re-organisation of the Department in 1919, the Department has 4 Gazetted Officers and the number of peons remains the same as before, viz: 8, except for a Daffedar sanctioned in G.O.No.I.C.979-80/Geol. 17-23-5 dated 27-8-1923, hence the menial staff is far from adequate to cope with the increased work of the Department. The four Gazetted Officers have to tour all over the State, the orderlies being distributed as under:-

	Residence	Office.
1. Chief Inspector of Mines in Mysore (Head of the Department)	3	1
2. Inspector of Mines ..	1	1
3. Asst. Inspector of Mines ..	1	..
4. Junior Inspector of Mines ..	1	..
5. Office	..	1
Total	6	3
	9 (including Daffedar)	

Thus it will be seen that only the Daffedar and 2 peons remain to attend to the general office work. Of these, only one peon is available for office work during the day with the Daffedar, as the other has to guard the cash-chest (safe) in the office at night. This duty devolves on one of the 2 peons alternately for a week at a time, as there is no separate watchman appointed for this purpose. The work in the office being too heavy for the Daffedar to manage assisted by only 1 peon, the orderlies attached to the Chief Inspector and Inspectors of Mines are invariably commandeered for this work.

As

As this arrangement is not always possible or feasible, more especially when the officers are on tour, a good deal of difficulty is experienced in getting through the work of the office for want of a sufficient number of peons.

4/ Again, the peons of this office hardly ever remain for any considerable length of time in Government employment as the pay they draw is less than what their confreres get on the mines and in the Companies' offices on the Field. Naturally to improve their pay and prospects, they do not hesitate to go ~~and~~ should the opportunity occur. It is found difficult to fill up such vacancies on account of the paucity of obtaining suitable men on a pay of Rs.11/- per mensem. The lowest paid mining labourer earns Rs. 15/- a month. Under these circumstances, the recent G.O.No.Fl.3290-349/S. & A. 101-25-2 dated 27-10-1926 - para (3) iii - works as a great hardship, inasmuch as newly appointed peons cannot draw the local allowance of Re.1/-.

5/ I therefore request that Government may be pleased to sanction (1) an additional 2 peons on a pay of Rs. 12/- each (consolidated), as 10 peons, besides the Daffedar, are absolutely necessary for the efficient conduct of the menial work of the Department and (2) that the pay of all peons may be consolidated at Rs. 12/- each instead of Rs. 11 plus 1 L.A. for the reasons set forth in the paragraph above.

6/ The minimum needs of the Department have been set forth in respect of the menial staff required and I trust Government will favourably view this proposal and sanction the same at an early date.

I have the honour to be,
Sir,
Your most obedient servant,

R. Bocquet.

CHIEF INSPECTOR OF MINES

IN MYSORE.
